

# Sorbents

## Meltblown Sorbents

### Meltblown Sorbents OIL ONLY Sorbent Pads (200)

#### How it's made...

1 ... (resin) is gravity fed into the barrel...

2 ... material is spun forward by a rotating screw...

3 ... strands are forced out with a blast of hot air...

4 ... the loft is adjusted to increase air space...

5 ... the finished product has a smooth, tight finish...

**Made in the USA**

- Packaged in a plain bag with a generic label
- Oil Only Meltblown Sorbents Pads are perfect for many outdoor MRO (Maintenance, Repair & Operation) applications
- An extremely economical way to clean up a variety of hydrocarbon based leaks, drips and spills
- Great product to use for marine spill clean-up as they float on water
- Perfect for absorbing oil, fuel, grease, transmission fluid, coolants, and many other liquids except water
- Perforated down the middle of the length of the pad
- Made in the USA

*Caution: Dispose of all sorbent material according to local, state and federal regulations.*
